

## PERMACLEAN® DATA SHEET

### Product

Stripper & Degreaser for heavily soiled and neglected tiled or terrazzo surfaces.

### Composition

Multi-purpose concentrated high acidic cleaner, stripper and degreaser.

### Features and applications

For use as a very effective cleaner that removes grease, soap scum, body oil, mildew and algae from areas that have been neglected or subjected to heavy use. Dilute with water as per instructions below. For the stripping of synthetic and acrylic waxes and floor finishes, mix 1 part cleaner to 2 parts water.

### Uses

Ideal for use on Ceramic, Porcelain, Quarry, Saltillo, Terracotta, cement pavers, masonry surfaces or resilient flooring.

### Instructions

#### **AVOID ALL SKIN CONTACT.**

- 1.) Read entire label before using.
- 2.) Put on Rubber Gloves and Eye Protection.
- 3.) Sweep, vacuum, or wipe surface.
- 4.) Mix Permaclean Tile & Grout Cleaner as follows:
  - LIGHT SOIL BUILD-UP: Mix 1 part cleaner to 3 parts water
  - MODERATE SOIL BUILD-UP: Mix 1 part cleaner to 2 parts water.
  - STRIPPING OR HEAVY SOIL BUILD-UP: Mix 1 part cleaner to 1 parts water.
- 5.) Apply solution to surface with mop or sponge.
- 6.) Allow to dwell 3 to 5 minutes before cleaning, or 5 to 10 minutes when stripping waxes or finishes from floors or other surfaces.
- 7.) Agitate with synthetic mop, scrub brush, or scrub machine. Do not allow solution to dry on surface.
- 8.) Remove the dirty solution using a wet-dry vacuum machine (for larger areas with soil build-up).
- 9.) Rinse thoroughly with clean water and remove with a wet-dry vacuum machine.

**PLEASE NOTE:** PERMACLEAN® is corrosive. Use necessary precautions. It is very important to dilute with water prior to use. It is also important to remove any cleaning solution effectively before sealing. Any cleaning solution left on the surface of the tiles may impact the performance of the sealer.
